- Visit your app store and search for ASDSO Conferences.

- Once downloaded, select the Dam Safety 2023 icon.

- Log in with previously created MyConference website information, or create a new account using **Event Code ASDSO23.**

- Set up your profile. You MUST select YES to sharing your information to be listed on the Attendee List shown on the app.

- Select Agenda to view a listing of presentations. You can select a Concurrent Session to view a listing of all presentations in that session.

- If a presenter submitted slides, you can view them after selecting a presentation title. You can follow along and make annotations, and even email notes to yourself.

- If a presenter submitted a paper, you will be able to select the Handout icon to download.

- To add a presentation to your personalized agenda, select the star icon next to a presentation. It will be added the MY AGENDA section on the home screen.

- You can check out a listing of sponsors and exhibitors from the home screen – you can select a star next to the name to add the company to your favorites, and select the checkmark to remind yourself you've visited their booth.
